

Further evidence that Frankfort messed up badly. Unfortunately, Bohreer and Zucker failed to tell me this information.

All,

When Todd Frankfort and Alan Brady realized during that the "sale" was f'd up and can't happen was priceless. We need to monopolize on the momentum and figure out what Wendy really wants. Sherri, will Jody sign his shares over to Wendy? Now that his lawyer has sought to withdraw may we speak to him? Would be good to get a plan?

I am back in the office on Thursday and hope we can speak then.
