

Cases

201891649-7 *Meigs, Wendy Marie vs. Johnston, Michael*

(Business suit. Johnston filed Bankruptcy. In Bankruptcy court)

201772019-7 *Meigs, Wendy M vs Zucker Todd J*

(Legal Malpractice. Dismissed. Filed in District to US Supreme Court. Note that dismissal occurred for failure to see a document in a court with screenshot document tampering. See Document tampering section of website. Also, such cases require an expert witness. Note that no expert witness will represent a self-represented person so the individual will always lose against a lawyer... thus the courts diminish the rights by skewing courts to court officials and allow lawyers to malpractice without recourse. See blog for documents supporting all.)

201773032-7 *Meigs, Wendy vs Bergman, Trey*

(Malpractice case. Dismissed. Filed in District Court to US Supreme Court. Same issues as above. Judge that dismissed the case lost his re-election for that judge position at that time and began working in same building as Bergman as a mediator within a month of dismissing the case against Bergman. See blogs for documents supporting all.)
